

STUDENT LEADER APPLICATIONS:

Once you've filled out your application, email it to abbiebutler@mariettafumc.org

We are so excited that you are interested in applying to become a student leader! Student leadership is a great opportunity to grow in your faith and lead younger students in their relationship with Jesus!

What does serving as a student leader look like? Student leaders are expected to represent Jesus throughout their daily routines. Student leaders should set Christ like examples in school, on social media, at social events, and at church. If you are interested in growing in your faith and serving your church and community, Student Leadership is a great place to start!

As a student leader, you will be expected to attend Fusion Worship on Sunday nights, as well as our student leader meetings that occur at 5:30 pm every Sunday. If you cannot attend, you will need to let Chad or Abbie know. We understand that life gets busy with school, sports, family, and other commitments, but we do expect you to attend most Fusion Worship. We also will have student leader training days/retreats, please try your hardest to attend these. Student Leaders will be signed up for weekly ways to serve at Fusion Worship and in other areas of youth ministry. Student leaders also have the opportunity to share their thoughts and ideas with leadership about how to improve Fusion! If you are passionate about Jesus and Fusion Worship, Student Leadership is a great place to be!

Examples of ways you can serve every week:

- Volunteering to pray after stage games
- Helping lead stage games
- Contributing thoughts and ideas of how to improve Fusion programs
- Leading outdoor games
- Helping serve food
- Running the check in stations
- Serving on the welcome team
- Serving on middle school trips and retreats like discovery weekend, mid high mission trip, etc
- Taking photos for the social media
- Assisting with lighting and tech during Fusion
- Facilitating and leading things like Bible studies, devotions on trips, small groups, etc.
